Audrey and Dan,

Thanks for the inquiry - I will review and provide further input. The briefing for Karl is not on my calendar - please tell me when the meeting will take place so that we are sure to get the input you need in a timely manner.

Thanks,

Subject: Fw: EJ comment on West Lake Landfill

Hi Althea,
I am echoing, Dan -- We need a more detailed description of EJ impacts if the RAD waste were hauled to Idaho or Utah. You could probably find out which cities the waste would be hauled through. Could you get info on areas of the cities where the rr. track runs so we can provide such info.
Thanks,

Audrey

Althea,

At the briefing Karl requested next week on the results of the National Remedy Review Board briefing on West Lake Landfill, he requested that the program and CNSL provide analysis of the draft NRRB comments (see below). Comment #9 in the attached comment list pertains to EJ and is not something I am knowledgeable about. Would you please look into this comment in advance of the briefing?

Thanks,

Note that they will be refined into coherent paragraphs. It's hard to tell the intent from just the notes. We should have something that's final by early next week.
